Since the June Conference, the 2008-2009 year got under way. Manatee County and Sarasota County MTA's had their first meetings in August and September, respectively. New or updated handbooks were given out. October meetings featured performances: Sarasota County had members perform; Manatee County invited the Manatee College Student Chapter to perform at President Lesia Schulha's home and a reception followed.

On Saturday September 19th, we had a District meeting featuring Pedagogue Joanne Smith who gave us the full version of her Saving Johnny seminar.

Respectfully submitted,  
Lesia Schulha
