

Florida State Music Teachers Association
Affiliated with Music Teachers National Association

#19

Editor's Report State Conference
October 2008

There have been two issues completed using our new printers, Tennant Printing in Deland. The process was much easier with the second printing. At this point, it seems that the decision to change was appropriate.

August / September Issue 517 copies 12 pages \$339.60 postage
October / November Issue 697 copies 8 pages \$318.51 postage

Because of the privacy concerns regarding exposure over the internet, I would suggest that any competitions include in their registration forms, an additional form with permission to include photos of our winners in our newsletter and on our website. To expedite the procedure, it would be very helpful to have all applicants also provide a photo and a brief bio with their applications. There are considerable delays when we try to obtain this information after the event.

Keep in mind that the next newsletter deadline is November 10.

Respectfully submitted,

Adrienne LeBlanc, editor
