

#### **4b. Teacher Awards**

Following the June FSMTA conference in Gainesville, I designed our applications for Excellence in Teaching and Association of the Year awards. Basically, nothing was changed; I just aligned our state applications more closely to the MTNA forms. They are available on the website thanks to Amy Turon.

I am now in the process of getting 2 extra copies made of our state winner, Helen Niedung's portfolio and will submit it to MTNA for consideration for the national award.

Our applications now state that applicants must submit 3 copies. This will be far more efficient, for this is what MTNA requires.

Respectfully Submitted, Michelle Snow
