

#19

**Editor's Report
State Conference
June 2008**

At the winter board meeting, the decision was made to pursue finding a new printer for the newsletter. Five printers were contacted and bids were gathered. After reviewing the bids, two printers stood out with the most reasonable prices. The 3 members of the editor's advisory committee, Millicent Callobre, Pricilla Heffield and Julia Sublette were given the two bids to study and respond with their choice. It was the decision of the committee to go with Tennant Printing Company in Deland.

The printer has been contacted and a Customer Information Sheet and a Credit Information Form have been completed and returned to them. No yearly contract is necessary. The next issue of our newsletter will be printed with Tennant.

This information will be presented to the budget committee meeting at the conference.

Reminder: Deadline for the August September newsletter is July 10.

Respectfully submitted,

Adrienne LeBlanc, Editor

Motion: I make a motion that Tennant Printing Company in Deland be the printer for the State newsletter.
