

Community Service Awards Report to FSMTA Winter Executive Board  
Presented by Mark Repasky Community Service Awards Chairman  
January 16, 2008

Since this past summer, I have been the chairman the Community Service Awards, and am still getting acclimated. The schedule for applying for and presenting the Le Roy Greenspan Memorial Award and the Local Presidents Community Service Award has been changed because our annual convention has been moved from October to June. These changes have been made to the application forms for these awards, which are on our website, [fnta.org](http://fnta.org). The forms can be accessed by selecting the "Student Activities" tab, then at the sidebar, selecting "FSMTA Competetive Events". At the bottom of the page are listings for both awards.

It is important that teachers entering students and persons at the county level and/or local MTA Presidents responsible for evaluating and sending the winning applications to the state chairman (that's me) adhere to the schedule, which is listed on the application forms. We want to encourage all teachers to discard old forms and us the new updated forms from [fnta.org](http://fnta.org).

I am open to any suggestions for improvement of the Community Service Awards and the application/selection process, as I am essentially "feeling my way" through the process this year.
