Preparation for the 2008 MTNA Competitions began in early fall with contact to the following colleges and university regarding use of their facilities:

Rollins College
Florida Southern
Florida College
University of South Florida
Stetson University
University of Central Florida

None of these schools could host our MTNA competitions on their campus in the fall of 2008.

We are now pursuing :

Hillsborough Community College, Tampa
The University of Florida, Gainesville
Manatee Community College, Bradenton

Finding a location in the central part of the state was a primary goal in order to attain a convenient travel distance for performers from the entire state. Not finding a campus that is willing to do so, however, has been most frustrating.

Any suggestions from members of the board will be greatly appreciated.

The good news is the winners from Florida at the Southern Division MTNA competitions who will go on to national competition in Denver.

Respectfully Submitted,

Joanne Smith, NCTM
