## **Final Report: 2009 Conference**

2009 Conference  
DoubleTree Hotel and Florida State University  
Tallahassee, Florida  
10-13 June 2009

I extend my gratitude to members of Districts 1 and 2 for all of the assistance, dedication, and hard work that they contributed to the 75th Diamond Anniversary Conference. Such a task is impossible for one person to accomplish and it is the collaboration of individuals from both districts that made this year's conference such a success.

I was very proud of the conference but, more so, proud of the committee. I believe that the host Districts represented themselves well and would like to take this opportunity to thank them formally.

Conference Statistics are as follows:
