

**FSMTA REPORT  
COLLABORATIVE PERFORMANCE FORUM**

The 2009 FSMTA State Conference in June featured a lecture recital presented by the chamber group **enhakē**, an exciting young ensemble that has won First Prize at several international competitions, played in Carnegie/Weill recital Hall, and toured Costa Rica. Members of the group are Wonkak Kim, clarinet; Brent Williams, violin; Jayoung Kim, cello; and Eun-Hee Park, piano, all of whom are outstanding graduate students at FSU's College of Music.

The year 2010-2011 has been designated the "Year of Collaborative Music" and an "International Day of Collaborative Music" will take place on January 22, 2011. In keeping with this theme, many collaborative sessions have been planned for the MTNA National Conference in Albuquerque in March 2010, including some that will focus on collaborative opportunities for young students at the beginner and intermediate levels.

All MTNA members are encouraged to log-on to the collaborative forum discussion board on the MTNA website to join in interesting and helpful dialogues with others.

Respectfully submitted,

Carolyn Bridger  
Collaborative Performance Forum Chair  
October 2009
