

### **7c Student Handbook Revision - Betsy Randolph NCTM, FSCTM**

There were no revisions made this year to the Handbook. I would like to see us start working on revising the Repertoire lists for each level, and would suggest a committee be formed at the upcoming conference to aid in that effort. The handbook, in its entirety, is now on line, which is a great relief and reduction in printing costs and mailing costs. Thank you to Tanya Brooks and Amy Turon for their hard work seeing that this was accomplished.
