VCCI (from MTNA website)

- The Virtual Collegiate Chapter Initiative or VCCI is a new MTNA program focused on the collegiate member. The program intends:
 - to cultivate relationships for and among college students nationwide
 - to develop peer relationships, student to student regardless of whether the student is part of a physical collegiate chapter
 - to foster connections between the college student and the independent music teacher, local association communities, and geographic collegiate chapters
 - to be the focal point for synergistic relationships linking these connections to other MTNA programs including Certification, Educational Services, Information Services and the MTNA Foundation Fund
 - to result in a strong mentorship program pairing seasoned MTNA members with college students so that the latter can truly experience the benefit of being a lifetime member
- For more information contact the MTNA office or any member of the Advisory Committee.
